Visit Dartmoor

Why advertise with us?

Visit Dartmoor is a private company owned by us, Jenny How and Simon Lloyd, created to promote and support local tourism businesses and their customers. We receive no outside funding, and everything is done in-house so that we can provide an extremely personal 7-day a week service.

We absolutely love what we do and have a passion for Dartmoor, which we promote as a superb destination for holidays, short breaks or day trips. Our website provides all the information on where to stay, what to do, where to eat and drink and how to get here, and is the perfect shop window to the world for Dartmoor.

We fully support our advertisers (members) with free training courses, business networking events and business showcase days, and we love to organise press visits and media coverage with national and international journalists, travel writers and publications.

A full in-house design service is available to members, meaning artwork can be created FOC or at a very discounted rate, and we thoroughly enjoy creating and publishing our Dartmoor Destination Guide and our Active Dartmoor magazine.

**Free upload facility to promote your events, shows, courses and festivals -
